

2016 LINCOLN MKX

The feeling of rejuvenation. It's yours for the taking, anytime you'd like. Simply slip behind the wheel of the 2016 Lincoln MKX. Embrace the quiet confidence, the comfort and the effortlessly engaging drive delivered by its new collection of remarkable features. As the most advanced Lincoln MKX yet, it influences in ways you'll find truly empowering. Ways designed to inspire extraordinary drives – and exceptional experiences. The entirely new Lincoln MKX. The feeling stays with you.

IN THE EXHILARATING PLACE WHERE ELEGANCE AND INTENSITY CONVERGE, REMARKABLE IDEAS TAKE SHAPE.

Ideas like the entirely new Lincoln MKX. With its gracefully modern execution of the split-wing front grille and its athletically wide shoulders, the 2016 Lincoln MKX elegantly exudes a sense of power and agility. Artfully framing the front grille, the beauty of its **adaptive LED headlamps**¹ extends far below their surface. For starters, LED lamps are 50% more energy efficient and rise to full intensity 10 times faster compared to conventional incandescent bulbs. Plus, the adaptive feature of these headlamps can automatically expand their low-beam light pattern in whichever direction you steer, helping you spot hard-to-see objects in turns faster than you might with conventional headlamps.

¹Available feature.

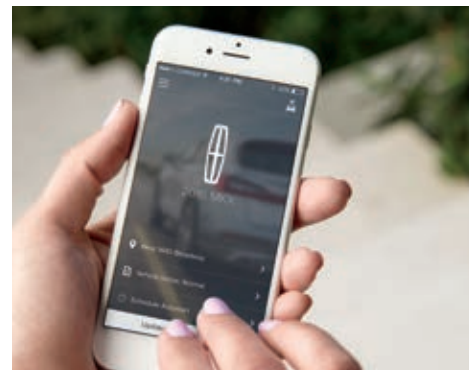

**YOU KNOW HOW IT FEELS TO WEAR CUSTOM-TAILORED CLOTHING?
IT'S A LOT LIKE THAT.**

A quiet confidence rises from within as you step inside Lincoln MKX. Its open and spacious, yet warmly enveloping environment is the stunning work of passionate artisans and skilled craftsmen.

The finest Bridge of Weir Deepsoft™ leather¹ trims the **22-way multicontour front seats with Active Motion**,^{®1} which include power head restraints and **power thigh extenders** for customizable comfort. The Active Motion feature helps reduce muscle fatigue in your legs and lower back. You'll really appreciate it on longer drives.

Careful placement of the sleek **push-button shift transmission** controls enabled the creation of a dramatic, flowing **suspension bridge** between the instrument panel and the center console. And opened up 2 levels of easily accessible storage space for your essentials.

MYLINCOLN MOBILE APP

Imagine if your vehicle could be warmed up and ready to go before you were. With your smartphone and the MyLincoln Mobile™ app² – enabled by an embedded modem^{1,2} – it can be. In fact, you can program your Lincoln MKX to start remotely at a specific time with your customized climate settings – repeating daily or weekly.³ You can even remotely lock and unlock the doors with a tap on your smartphone screen.

¹Available feature. ²Mobile app, compatible with select smartphone platforms, is available through a free download. App version shown will be available via free update in Summer 2015. The embedded modem is included in the Reserve Equipment Group only. Service included for 4 years. Text and data rates apply to usage. Services may be limited by mobile phone network coverage area. ³Allows you to adjust to 72°, or the last temperature set.

FRONT VIEW CAMERA* STOWS BEHIND THE
ICONIC LINCOLN BADGE UNTIL ACTIVATED }

360 DEGREE CAMERA

Get familiar with your surroundings. The 360 Degree Camera on Lincoln MKX merges the views from 4 cameras – 1 in the front, 1 on each sideview mirror and 1 in the back – to create a bird's-eye view of your vehicle and its surroundings. Displayed on the 8" color screen, it even offers visual guides to help you gauge the distance between objects and your vehicle.¹

SPLIT-VIEW DISPLAY

Get a wider perspective. With a push of the 360 Degree Camera button, you can switch to a 180-degree view from either the front or the rear camera. This wide-angle view lets you see around corners and other vehicles to check for approaching cross traffic. It can help you make informed decisions when your visibility is limited!¹

¹Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

PARKING LINCOLN MKX IS EASIER THAN EVER THANKS TO THE ULTRASONIC SENSORS AND OTHER ADVANCED FEATURES OF ITS ENHANCED ACTIVE PARK ASSIST.*

When you want to parallel park, the system can help by identifying spots that are the right size, then steering the vehicle into place. All you need to do is follow on-screen prompts, and operate the accelerator, brake and shifter as needed.

Pulling your Lincoln MKX out of tight parallel parking spots is also easier with this system, since it can provide steering assistance for that type of maneuver as well.

Backing into a perpendicular parking spot in Reverse is yet another instance where you'll really appreciate the steering assistance of this system.

As you maneuver in and out of tight spaces, the system emits beeping tones to alert you to objects near the front, rear or sides of the vehicle.

*Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

Life can get hectic. Experience an entirely new level of poise in the 2016 Lincoln MKX. **Adaptive cruise control and collision warning with active braking**^{1,2} fuses information from its camera and radar technology to help you handle all sorts of situations – in and out of the city. The system monitors your vehicle's proximity to other objects, as well as to pedestrians. If a potential collision is detected, it alerts you with visible and audible warnings, so you can take action. If needed, it can help quickly reduce your speed by automatically applying the brakes. At highway speeds, adaptive cruise control automatically adjusts your vehicle's speed to maintain your choice of 4 preset gaps from the vehicle in front of you.

Stop-and-go traffic? Take a break from all that braking with **auto hold**.² Just press a button to activate it, then come to a complete stop. You don't need to keep your foot on the brake pedal. Auto hold will keep your vehicle in place – even on a hill – until you press the accelerator. It's another way Lincoln MKX is innovating your every day.

Every now and then, we need a little nudge in the right direction. Fortunately, the **Lane-Keeping System**^{1,2} can alert you with steering wheel vibration pulses if it senses you drifting out of your lane, and can then apply steering wheel torque to help direct you to steer back into it. The **Driver Alert System**¹ uses a forward-facing camera to detect lane markings, and displays a coffee cup icon in your gauge cluster if it detects that you've come too close to – or crossed – the lane marker lines too many times.

It can be easy to miss when a vehicle has entered your blind spot. Just as the name suggests, **BLIS® (Blind Spot Information System)**¹ helps keep you aware of things that may be out of your line of view. The system alerts you with a light in the corresponding sideview mirror if its radar sensors detect a vehicle. **Cross-traffic alert**¹ notifies you with a beep and a warning light in your sideview mirror if it detects a vehicle approaching either side as you're slowly backing out of a space.

¹Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.
²Lane-Keeping System does not control steering.

What could be easier than using your voice to command your car? **SYNC® with MyLincoln Touch™¹** connects you to the world around you. A simple spoken word activates the system, and puts you at the helm of your audio, climate choices, music, information, calling and personal contacts, navigation² and more – without ever having to take your hands off the wheel. In addition to the steering wheel-mounted 5-way controls, the system features a configurable, 8" color LCD screen, as well as a media hub with 2 USB ports and an SD card reader, offering you several convenient ways to stay connected.

SYNC WITH MYLINCOLN TOUCH

Dial phone numbers and answer calls without picking up the phone – or taking your focus off the road. SYNC with MyLincoln Touch even mutes other audio sources so you won't miss an incoming call. Just say the word for turn-by-turn directions,² voice control of your contacts, as well as the playlists on your USB or smartphone. And, if an airbag deploys, 911 Assist³ can make an emergency call from your phone that connects you directly to a 911 operator.

SIRIUSXM

Welcome to the World of SiriusXM.⁴ Enjoy more than 150 channels including commercial-free music, plus live sports, news and exclusive entertainment, with a 6-month trial subscription to the All Access package included with your new vehicle. You can also listen online and on the SiriusXM app.⁴ The Navigation System² includes a 6-year complimentary SiriusXM Traffic and Travel Link⁴ trial subscription that gives you detailed traffic and weather information, gas station locations and prices, sports scores and much more.

HD RADIO

Get more of your favorite music with HD Radio.⁵ By broadcasting a digital signal over traditional radio frequencies, HD Radio gives you up to 3 additional channels – per FM station – of new, local content. In addition, if you hear a song you like on HD Radio, a simple press of the TAG button on your touch screen saves the song to your system so that it can be purchased later with iTunes[®] Tagging.

¹Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²Available feature. ³The vehicle's electrical system (including the battery), the wireless service provider's signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated. ⁴SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Travel Link subscriptions are sold separately or as a package by SiriusXM after your trial period, and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. All fees and programming subject to change. See Customer Agreement for complete terms and more information at www.siriusxm.com.

EPA-ESTIMATED
RATING **26mpg**
HWY²

2.7L ECOBOOST V6

Get the power you demand – and outstanding fuel economy² – when you opt for the twin-turbocharged direct-injected 2.7L EcoBoost[®] V6 engine.³ Two turbochargers pump air quickly into the combustion chambers, generating a virtually instantaneous surge of on-demand power. So you get 335 hp,⁴ 380 lb.-ft. of torque,⁴ and an impressive balance of efficiency and performance.

3.7L V6

The standard 3.7L Ti-VCT V6 engine features twin independent variable camshaft timing that precisely controls when the intake and exhaust valves open and close, helping to optimize fuel combustion, while providing you with 303 hp and 278 lb.-ft. of torque for smooth, responsive passing and merging.

¹Requires and only available with 20" wheels. ²EPA-estimated rating: 17 city/26 hwy/21 combined mpg, 2.7L FWD. Actual mileage will vary. ³Available feature. ⁴Tested with 93-octane fuel.

POWERFUL PRESENCE

ADAPTIVE HID HEADLAMPS¹ SWIVEL AS YOU STEER TO ILLUMINATE YOUR PATH

INTELLIGENT ALL-WHEEL DRIVE¹ }
CORNERS WITH CONFIDENCE }

Lincoln MKX adapts so you don't have to. Because road conditions are always changing, **Lincoln Drive Control¹** featuring **continuously controlled damping (CCD)** uses sensors to read the road – and your driving inputs – every 2 milliseconds, then quickly adjusts the firmness and damping at all 4 wheels to help keep your vehicle in harmony with the road. The system also lets you select between 3 drive modes – Comfort, Normal or Sport – to match your driving style. And **electric power-assisted steering (EPAS)** automatically adjusts your steering for different driving situations. At the same time, **Torque Vectoring Control** adjusts the speed between your front wheels for enhanced cornering and agility.²

Sometimes it really pays to go with the flow. Unlike the fixed ratio you get with a mechanical steering setup, **adaptive steering^{1,3}** is designed to keep pace with changes in your driving style. It dynamically adjusts the ratio between your steering wheel and road wheels to deliver impressive steering performance and responsiveness. When you're traveling at lower speeds, the ratio is lowered, helping your vehicle feel very agile and fluid, and even making it easier to park. As your speed increases, the ratio increases, helping your vehicle feel taut and stable as it responds precisely to your inputs.

LOWER SPEEDS

HIGHER SPEEDS

¹Available feature. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ³Available Fall 2015.

Our exclusive new relationship with Revel is one that elegantly fuses form, function and innovation to create the lasting and emotionally evocative experience of live music.

¹Available feature.

YEARNING FOR MORE MOMENTS OF QUIET CONTEMPLATION? LINCOLN MKX PROVIDES.

From the **acoustic-laminated glass** featured in its windshield and front doors to its upgraded engine mounts, **sound absorption materials** in trim panels and spoiler-integrated antenna, the hush is in the details. Engineers and designers painstakingly refined everything from the tuning of its tires to the aerodynamics of its sideview mirrors, even employing the vehicle's speakers in their quest for quiet. By sending precisely chosen sound waves through the speakers, **active noise control** cancels out unwanted noise, while at the same time refining engine sounds. The result is a thoroughly calming ambience.

Comforting details continue your day on the right note. Each time you slip behind the **leather-wrapped steering wheel**, the convenient **memory**¹ feature discreetly recalls your preferred placement of the **power¹-tilt and -telescoping steering column**. Enjoy the visual harmony of its graceful interior lines accented by **genuine wood¹ or aluminum trim**. And personalize the scene in your choice of 7 hues offered by **ambient lighting**,¹ which illuminates the footwells, cupholders and controls. It's easily changed to match your mood.

Now there's even more power in your kick. With the foot-activated **hands-free liftgate**,¹ your key fob can stay tucked in your pocket or purse while you simply kick your foot under the rear bumper. The liftgate effortlessly opens, providing easy access to the spacious rear cargo area. The **60/40 split rear seat** folds flat to open 68.8 cu. ft. of cargo space for your larger items. Once you're loaded up and ready to go, you can close the liftgate by pressing a button, or by gently kicking your foot under the rear bumper again.

¹Available feature.

LINCOLN MKX ANTICIPATES YOUR ARRIVAL FROM ABOUT 9' AWAY AND WELCOMES YOU WITH DISTINCTIVE LIGHTING.

Sensors inside the vehicle detect your key fob as you approach, triggering a seamless series of welcoming events that bring your Lincoln MKX to life.

Designed to delight all around, its LED exterior lamps gracefully rise to full illumination and certain models feature a signature headlamp light-up sequence.¹

A luminous welcome mat featuring the Lincoln logo is cast upon the ground from beneath each of the pedestal-mounted sideview mirrors, silently greeting you.

As you let yourself inside, note the warm glow of the LEDs in the door handle pockets, the intensity of which has been fine-tuned for each exterior color.

The cabin puts on its own show of welcome with an ambient lighting sequence¹ that switches to your chosen color after you start the engine.

Close the door and relax into your seat as the auto-folding, power, heated sideview mirrors with memory¹ slide into your personalized position.

Then press the glowing engine start/stop button that's been anticipating your arrival, and make your getaway in true Lincoln style.

Lincoln Original Accessories will be warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 4-year/50,000-mile New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Lincoln Dealer for details and/or a copy of all limited warranties.

THE LINCOLN PLEDGE

It's the collective promise of everyone at the Lincoln Motor Company – from our trusted service advisors and expert technicians, to the voice on the other end of the line should you call – that we'll be there for you and your Lincoln wherever, whenever, if ever, you need us.

LINCOLN LIMITED WARRANTIES²

You can rest assured with a 4-year/50,000-mile Bumper-to-Bumper Warranty that covers repair, replacement or adjustment of parts at no additional cost, as well as a 6-year/70,000-mile Powertrain Warranty which features no deductible and is fully transferable.

LINCOLN COMPLIMENTARY MAINTENANCE³

We are pleased to offer complimentary maintenance for 2 years/24,000 miles. At no charge to you, your maintenance visits will include an oil and filter change, and tire rotation, scheduled to accommodate your busy life.

LINCOLN ROADSIDE ASSISTANCE FOR LIFE³

Help is only a phone call away, should you run out of fuel, lock yourself out of the vehicle, or need towing to the closest Lincoln dealership – or to your preferred Lincoln dealership within 100 miles. For the original owner, the Lincoln Roadside Assistance program provides these services 24/7 for as long as you own the vehicle – at no charge.

COMPLIMENTARY CAR WASH⁴

At the completion of any service on your Lincoln, drive away from the dealership in a clean vehicle that looks just as beautiful as the day you bought it. It's just another shining example of our commitment to you.

COURTESY VEHICLE⁴

Should your Lincoln require warranty service, you can count on us to be there for you with a courtesy vehicle. It's just one more way to let you know that we'll be here for you.

SERVICE PARTS WARRANTY

We'll stand behind our service – and you – with a 2-year, unlimited-mile warranty on both parts and labor.

LINCOLN CLIENT RELATIONSHIP CENTER

As the owner of a Lincoln, you can take comfort in knowing that we're always by your side. Our caring agents are empowered to handle your concerns – no matter how big or small they may seem.
