# EMPLOYED TO SERVE. EMPOWERED TO EXCEL.

Serving with distinction is our 2014 Police and Special Service portfolio — stronger, larger, tougher and with greater capability than ever.

This specialized collection — the best and most expanded in our history — gives those in command what counts: instant authority on the street, compelling performance on the job, and exceptional rationales for the bottom line. These ready-to-serve team members report to work with serious muscle, smartly designed interiors, leading-edge technologies, with quality that is the working definition of dependability.

Ablly meeting the profound and ever-increasing challenges faced daily by men and women of honor, and backing you with benchmark-level warranties and tougher-than-nails strength, this expanded family of Police and Special Service vehicles is the professional response to the call of duty.

# COMMANDING

**5 YEAR / 100,000 MILE  
POWERTRAIN WARRANTY<sup>(1)</sup>**

As tough as the vehicles themselves: augmenting the bumper-to-bumper 3-Year/36,000-Mile Basic Limited Warranty is the impressive protection of the 5-Year/100,000-Mile Powertrain Limited Warranty.<sup>(1)</sup> Covering the engine, transmission and drive axles, it's fully transferable — a bottom-line advantage to your jurisdiction when it comes to resale value.

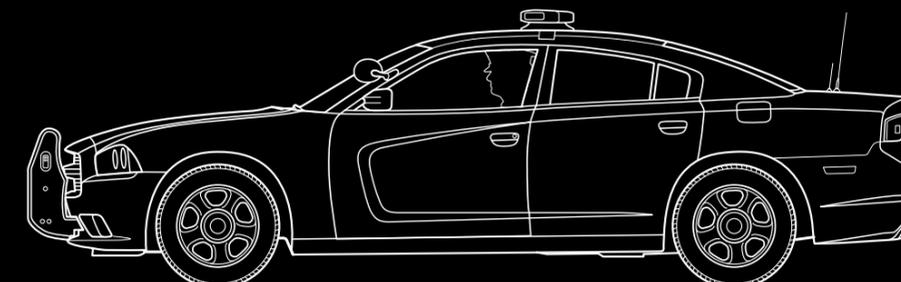

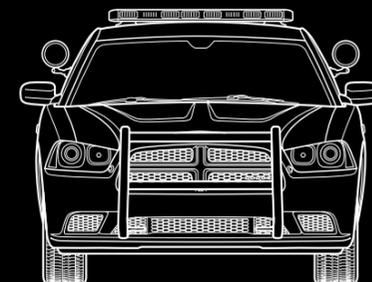

# DODGE CHARGER PURSUIT

DODGE  
CHARGER PURSUIT

Look for substance, superiority — and serious improvement. The first Charger Pursuit distinguished itself as the most powerful police vehicle in America. For 2014, the Dodge Charger Pursuit further ramps up capability with a new all-wheel-drive version available later this year with the 5.7L HEMI® V8. With its efficient strength, impressive maneuverability, exceptional occupant comfort and formidable safety and security features, no police vehicle quite matches the 2014 Dodge Charger Pursuit.

## EXTERIOR DIMENSIONS

All numbers in inches.

## DODGE CHARGER PURSUIT

Wheelbase	120.2
Length	199.9
Width	75
Height	58.4
Track — Front	63.4
Track — Rear	63.8

## MECHANICAL FEATURES

TWO OUTSTANDING ENGINES, WITH REAR-WHEEL AND NEW<sup>(1)</sup> ULTRA-CAPABLE ALL-WHEEL-DRIVE.

- 3.6L Pentastar® V6 with available 50-state Flex Fuel: 292 hp/260 lb-ft of torque
- 5.7L HEMI® V8 with Fuel Saver Technology: 370 hp/395 lb-ft of torque — Available
- New All-Wheel-Drive Pursuit with the 5.7L HEMI V8 — Late availability
- Vehicle System Interface Module
- Uconnect® 4.3 CD/MP3 with touch screen, remote USB port and audio jack (RHA)
- Uconnect Voice Command<sup>(7)</sup> with Bluetooth® — Available
- Keyless Enter 'N Go™ System features proximity entry and push-button start with police strategy
- Space-saving column-mounted shift lever with 5-speed automatic transmission with AutoStick
- 2.65 rear axle ratio — Standard
- 3.07 rear axle ratio — Available with the 3.6L engine

- 200-mm rear axle (3.6L engine)
- 215-mm rear axle (5.7L engine)
- Unique performance front and rear suspension systems with load-leveling/Nivomat® rear shocks
- Severe-duty engine cooling
- Higher-durability fuel pump
- Two auxiliary power outlets and one USB 1.0 outlet located in the instrument-panel center stack
- Power adjustable pedals — Available
- P225/60R18 W-rated Goodyear® or Firestone® performance tires — Standard (and based on engine choice)
- Deactivate rear doors and windows — Available
- White Police Graphics set with horizontal and vertical graphic design — Available
- Steering wheel-mounted audio controls
- Performance steering with power steering cooler

## SAFETY & SECURITY

DISTINCTION COMES FROM THE UNWAVERING PROMISE TO PROTECT. Protecting those who protect is a mandate etched in Advanced High-Strength Steel. Our technologies and systems consider every possibility from every angle.

Dodge Charger Pursuit offers:

- ParkSense® Rear Park Assist<sup>(9)</sup> system — Available
- Secure Park System
- Comprehensive Electronic Stability Control<sup>(3)</sup> (ESC) System
- Heavy-duty four-wheel disc brakes
- All-Speed Traction Control
- Brake Assist
- Supplemental side-curtain air bags<sup>(4)</sup>
- Safety cage construction that exceeds federal mandates for strength
- Police-specific rear door panels
- Ballistic door panels — Late availability
- Front steel seatback panel inserts — Late availability
- Rain Brake Support
- Ready Alert Braking

## NOTABLE POLICE FEATURES

TOUGH ASSIGNMENTS NEED THE RIGHT BACK-UP. DODGE CHARGER PURSUIT IS UP TO SPEC.

The reasons that make 2014 Dodge Charger Pursuit the vehicle of choice encompass multiple disciplines — including efficiencies. Charger Pursuit is the only vehicle in the class to offer the critical interface module as standard equipment. To that, add:

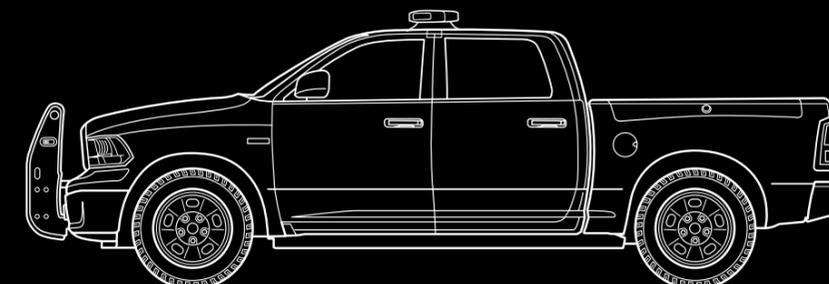

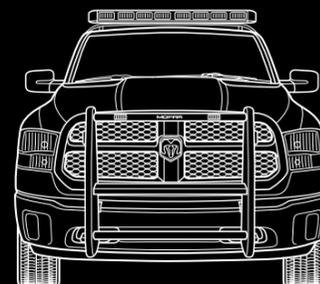

- Unique police-vehicle dome light configurations — Red/white dome light
- Available Street Appearance overhead console with no red/white dome light
- Black left spot lamp and matching right spot lamp with new LED bulbs — Available
- Equipment mounting bracket — Available
- Heavy-duty cloth bucket seats with vinyl rear bench seat
- Full-size spare tire — Available (includes vinyl trunk liner and cover)
- 18-inch wheel covers

SEE PAGE 18 FOR ALL AVAILABLE CHARGER PURSUIT PACKAGE GROUPS

# RAM 1500 SPECIAL SERVICE

Unconventional tasks demand unconventional solutions. The 2014 Ram 1500 Special Service arrives on the site with ready-to-work capability and outstanding power. The civilian versions of Ram 1500 have earned copious accolades and awards; here, the addition of the Special Service vehicle and a police-specific Electronic Stability Control<sup>(3)</sup> (ESC) System make this Crew Cab 4x4 the obvious choice when only a pickup can do the job.

**EXTERIOR DIMENSIONS**      **RAM 1500 SPECIAL SERVICE**

All numbers in inches.	
Wheelbase	140.5
Length	229
Width	79.4
Height	75.7
Track — Front	68.2
Track — Rear	67.5

**MECHANICAL FEATURES**

**THE JOB NEEDS A TRUCK. THIS RAM 1500 IS READY.**

- Legendary 5.7L HEMI® V8 with Variable Valve Timing (VVT) and MDS Fuel Saver Technology: 395 hp and 410 lb-ft of torque
- 65RFE six-speed automatic transmission
- Part-time four-wheel-drive system
- 220-amp alternator
- Class IV trailer tow hitch receiver
- Commercial-grade cargo-carrying capacity, with spacious Crew Cab interior, in-floor storage bins and five-foot seven-inch cargo bed
- 4- and 7-pin trailer harness connections
- Remote Keyless Entry
- Crisp electronic power steering
- Stylish quad-lens headlamps
- Super-durable and stain-repellent seat fabrics
- Uconnect® 3.0 AM/FM radio
- Uconnect 5.0 AM/FM/BT radio — Late availability
- Special certified speedometer

- Sharp exterior styling, including recently revised grille, front bumper and upper fascia
- Stylish 17-inch steel wheels

**SAFETY & SECURITY**

**SOLID. IN ATTITUDE, QUALITY AND EQUIPMENT.**

- Electronic Stability Control (ESC)<sup>(3)</sup> System: Four-wheel Antilock Brakes, Rain Brake Support, Ready Alert Braking, All-Speed Traction Control, Electronic Roll Mitigation, Electronic Brake-Force Distribution, Brake Assist, Hill Start Assist and Trailer Sway Control — Standard
- Departing from the civilian version, the 2014 Ram 1500 Special Service vehicle features **multiple ESC modes**: ON (the automatic default mode, instantly active when the ignition is turned on); PARTIAL (helpful in snow or on loose road surfaces); and OFF (the default mode for 4WD LOW: the system retains only Antilock Brakes and Hill Start Assist)
- Front Next Generation advanced multistage air bags<sup>(4)</sup>
- Front supplemental seat-mounted side air bags<sup>(4)</sup>
- Supplemental side-curtain air bags<sup>(4)</sup> for the first and second rows

- Remote Keyless/Illuminated Entry
- Remote start system — Available
- Security alarm — Available
- Sentry Key® antitheft engine immobilizer
- Tire Pressure Monitoring System with display

**FLEET ADVANTAGES**

**AVAILABLE RAMBOX® GIVES THIS RAM SPECIAL SERVICE VEHICLE EXTRA CAPABILITY AND ADDED CONVENIENCE.**

- RamBox® Cargo Management System, comprising two bed-side lockable, drainable and illuminated storage compartments, a cargo bed extended/divider (stowed at the front of the bed when not in use) and four tie-down cleats — Available
- Ten-way power driver's seat
- Daytime running lamps — Available

**RAM 1500 SPECIAL SERVICE (25D CPOS)**

Combine capable can-do attitude with award-winning experience, and you've got one of America's iconic pickups: 2014 Ram 1500, customized for service with the all-inclusive Special Service Group (AHB):

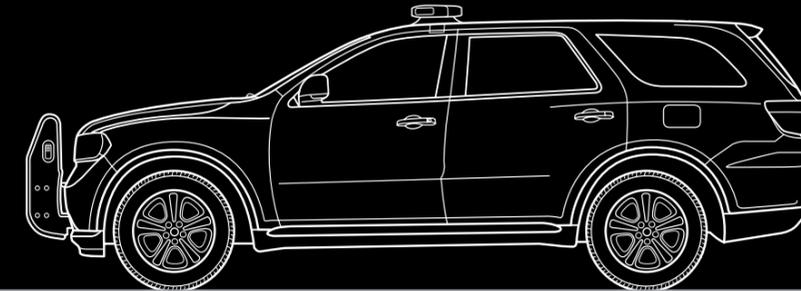

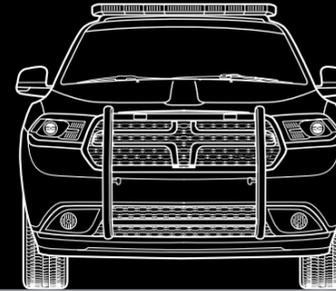

5.7L HEMI V8 with Fuel Saver MDS and VVT: 395 hp and 410 lb-ft of torque	•
220-amp alternator (BAJ)	•
Low-back front cloth bucket seats with 10-way power driver's seat; vinyl fold-up rear bench seat (*D5)	•
Column-mounted shifter	•
115-volt auxiliary A/C outlet	•
Spot lamp wiring prep	•
Reinforced door hinges	•
Engine oil cooler (NHA)	•
Additional key fob (XCG)	•
Remote Keyless Entry (GXM)	•
Instrument cluster with certified speedometer and engine hour/idle meter (JA4)	•
Cruise control (NHM)	•
Unique headliner/auxiliary red/white dome lamp	•

• = Standard.

# DURANGO SPECIAL SERVICE

With its custom-made-for-service ability, this is the go-to SUV: the tough-as-nails 2014 Dodge Durango Special Service. Count on efficient and proven strength from the Pentastar® V6 engine — three times awarded with the coveted *Ward's AutoWorld 10 Best Engines* honor — or the available street-worthy HEMI® V8. To available all-wheel drive, add towing rated up to 7,400 lb when properly equipped: you're ensured capability in every territory. Inside, it's all good; space is comfortable and ample, maxing out at 47.7 cu ft behind the second row. Quality is second to none, reflected in our transferable 5-Year/100,000-Mile Powertrain Limited Warranty.<sup>(1)</sup>

## MECHANICAL FEATURES

**YOUR CHOICE: THE 5.7-LITER HEMI® V8 OR AWARD-WINNING FLEX FUEL-CAPABLE PENTASTAR® V6 — BOTH NOW MATED TO THE NEW 8-SPEED AUTOMATIC**

- Legendary 5.7-liter HEMI V8 — Available
  - Pure power: 360 horsepower @ 5,150 rpm, 390 lb-ft of torque @ 4,250 rpm
  - Fuel Saver Technology transforms the mighty HEMI V8 into a more fuel-efficient 4-cylinder powerplant
  - Variable Valve Timing (VVT) engineering ensures the optimal and most fuel-efficient burning of fuel
- 3.6-liter Pentastar V6
  - E85- (ethanol-) compatible 6-cylinder powerplant
  - 290 horsepower @ 6,400 rpm, 260 lb-ft of torque @ 4,800 rpm
- New eight-speed automatic transmission
- Rear-wheel drive
- All-wheel drive — Available
- 18-inch wheels Painted Tech Silver with on-/off-road tires

## SAFETY & SECURITY

- Air Bags<sup>(4)</sup> — Advanced multistage driver and front-passenger, advanced side-curtain and supplemental front-seat side — Standard

- Active Head Restraints<sup>(5)</sup> — Standard
- Enhanced Accident Response System (EARS) — Standard
- Sentry Key® antitheft engine immobilizer — Standard
- Comprehensive Electronic Stability Control<sup>(3)</sup> (ESC) System — Standard on Durango Special Service. This comprehensive traction and control system includes four-wheel antilock disc brakes (ABS), Electronic Brake-Force Distribution, Ready Alert Braking, Rain Brake Support, Hill Start Assist and Trailer Sway Damping

## EXTERIOR FEATURES

### TOUGH SUV ATTITUDE, STREET-SMART LOOKS

- Tough, muscular appearance, with new stylish touches that include new halogen headlamps

## INTERIOR FEATURES

### OUTSTANDING RIDE COMFORT AND INTERIOR SPACE

- New full-color Thin Film Transistor (TFT) screen
- New Uconnect® 5.0 AM/FM radio
- Leather-wrapped steering wheel with audio controls
- Power eight-way cloth driver's seat with four-way power lumbar adjuster

DURANGO SPECIAL SERVICE GROUP (26X OR 24X) CPDS	
3.6-liter Pentastar V6 allows use of 87 octane unleaded gas, with full E85/ethanol compatibility	•
Specialized Heavy-Duty Engine Cooling Package for Police/Fire/Rescue applications	•
Four key fobs	•
Rear load-leveling suspension	•
100,000-mile dual spark plugs; the available 5.7-liter HEMI V8 features two plugs per cylinder to shorten ignition timing and burn exhaust gases more completely, helping increase mileage	•
Heavy-duty 220-amp alternator	•
Upgraded heavy-duty battery, with 800 cold cranking amps	•
Spotlight wiring prep for ease of installation	•
Heavy-Duty Braking Package	•
Rear HVAC offers superb comfort for K9 needs; includes center-stack controls for driver or front-passenger operation	•
Unique headliner/auxiliary red/white dome lamp	•
Daytime running lamps	0
PACKAGES AND GROUPS	
Skid Plate Group — Includes skid plates for the fuel tank, transfer case, front suspension and front tow hooks (AWD models only)	0
Trailer Tow Group IV — Includes Class IV hitch receiver, 7- and 4-pin wiring harness, and a full-size spare tire	0
ParkView® Rear Back-Up Camera <sup>(9)</sup>	0

• = Standard, 0 = Optional.

# FORCEFUL

DODGE  
CHARGER PURSUIT

RAM

DODGE

#### THE LEGENDARY 5.7L HEMI® V8. STANDARD, RAM 1500 SSV. AVAILABLE, DURANGO SSV AND CHARGER PURSUIT.

Introduced in the distinctively American Muscle Car Era, the innovative hemispherical engine design still ranks as one of the powerplants of choice for officers and departments everywhere. The sophisticated 5.7-liter HEMI V8 offered in select vehicles in this portfolio reports to duty with Variable Valve Timing (VVT) (to improve engine breathing, thus adding to torque and horsepower), along with the invaluable MDS Fuel Saver Technology (which seamlessly transforms the mighty V8 into a capable and fuel-efficient 4-cylinder). Here, efficient engineering teams up with on-street performance: the HEMI V8 utilizes dual spark plug technology to burn fuel and ancillary exhaust gases with outstanding efficiency and cleanliness — and, equally as important — to help reduce time-consuming maintenance schedules.

#### 3.6L PENTASTAR® V6. STANDARD, CHARGER PURSUIT, DURANGO SPECIAL SERVICE VEHICLE.

It's recognized as the finest V6 we've ever produced — and for all the right reasons. The 3.6-liter Pentastar V6 features 100,000-mile-life spark plugs to help reduce maintenance and overall operating costs. With an available 50-state Flex Fuel calibration, you're offered a choice between unleaded regular, E85 (ethanol), or any combination of the two. Like the HEMI V8, the Pentastar employs Variable Valve Timing (VVT) to improve engine breathing for greater torque and horsepower; it also distinguishes itself with a tough chain drive instead of the usual timing belt employed by competitive models; the engineering offers greater longevity. Adding interactive Decel Fuel Shut-Off (iDFS) is another advantage; it immediately stops all fuel flow when the foot is removed from the accelerator, helping reduce fuel consumption, and with no mitigation of performance.

With applications that include Charger Pursuit and Durango Special Service vehicles, this award-winning, state-of-the-art engine is all about service across the board, providing quiet operation, impressive acceleration and response, capable torque for towing and hauling — and one of the best warranties in the business.

360 hp @ 5,150 rpm  
390 lb-ft of torque @ 4,250 rpm

#### FIVE-SPEED AUTOMATIC TRANSMISSION WITH AUTOSTICK

Exclusive to Dodge Charger Pursuit. The AutoStick is pure racetrack-inspired technology, and provides critical up- and downshifting for notable highway control and the varying and unpredictable dynamics of city/suburban driving — the very nature of police and patrol work across the country. Mated to the available 5.7-liter HEMI V8 in Charger Pursuit, this driver-oriented component offers convenient, electronically controlled rocker switches on the column-mounted shifter; access and response are instant.

#### SIX-SPEED AUTOMATIC TRANSMISSION

This is the long-proven standard partner to the 5.7-liter HEMI V8 on Ram 1500 Special Service. The 65RFE 6-speed automatic is a completely electronically controlled transmission that features some of the most sophisticated software in a transmission today. The Electronic Range Select (ERS) technology provides an alternate second gear for downshifts. Response, durability and fuel-efficient performance characterize this proven powertrain component.

#### EIGHT-SPEED AUTOMATIC TRANSMISSION

The new standard partner to the Pentastar V6 and HEMI V8 on the 2014 Durango Special Service model. The 8-speed automatic is one of our finest transmissions ever developed, and its application in this Durango is a very real contributor to impressive fuel economy figures. Its employment to capably meet — and frequently exceed — police and special service needs is balanced by its sophistication. This ZF-designed component is found in some of the finest luxury car models.

# RESILIENT

## DODGE CHARGER PURSUIT

### THE ASSIGNMENT: PROVIDE UNPARALLELED OCCUPANT PROTECTION.

Police and special service responsibilities rank among the most challenging out there — which is why the engineers and designers of the Charger Pursuit made occupant safety a top priority. The proven Charger Pursuit exemplifies the extra efforts: from the bottom up and from inside out, this is a vehicle designed to protect those who protect us all.

### OUR TAKE ON SAFETY: MULTIPLE PERSPECTIVES, ONE OVERARCHING GOAL.

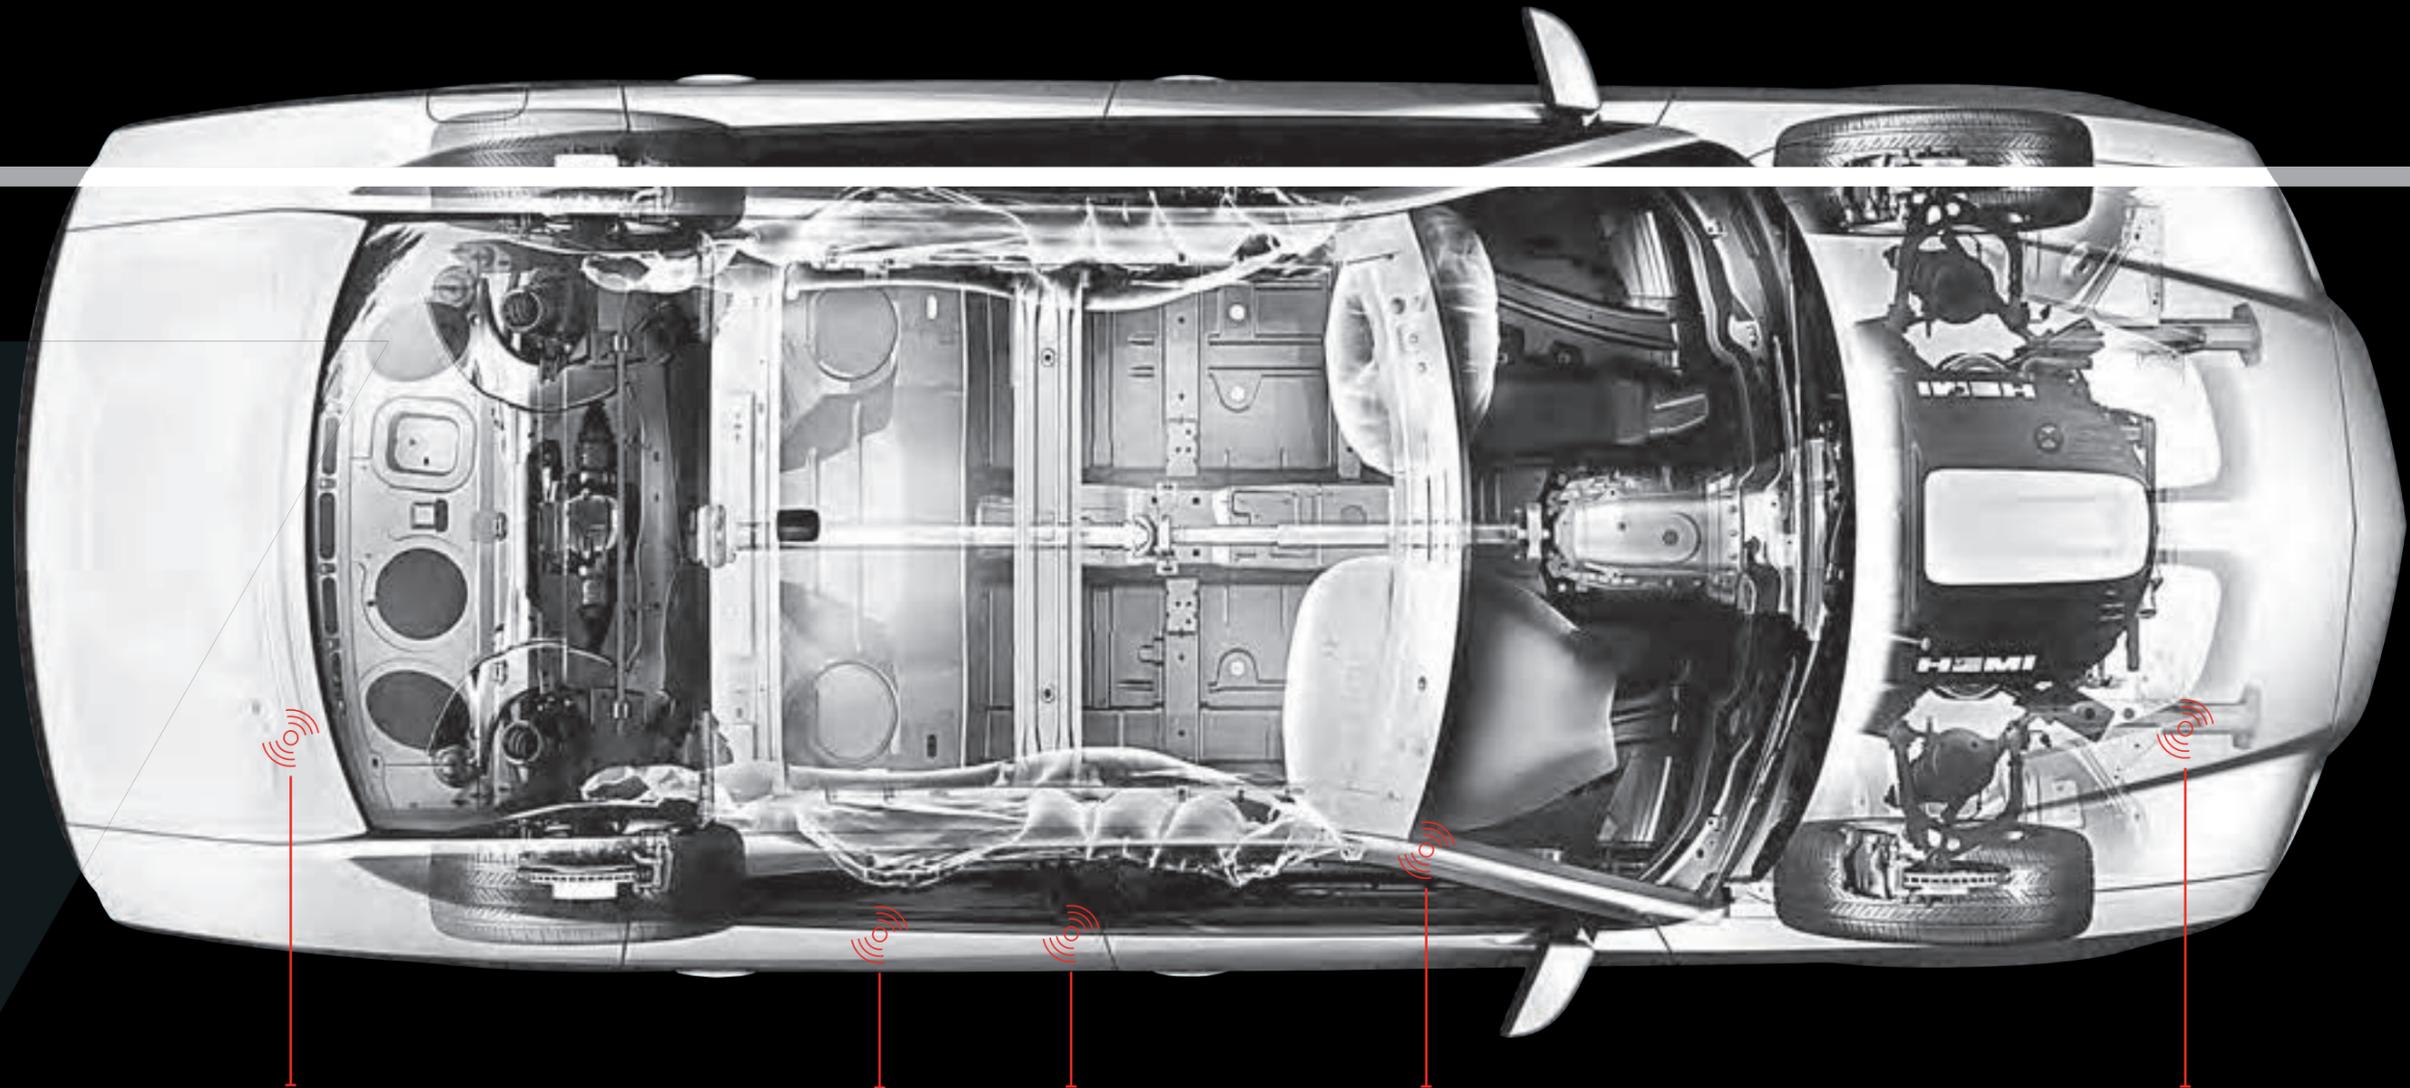

Our focus on safety and security uses a wide-angle lens, and encompasses every vehicle in this portfolio. Using Charger Pursuit to illustrate this commitment, you'll find strengths like toughened side-door guard beams, increased roof strength, reactive head restraints<sup>(5)</sup> and three air bag<sup>(4)</sup> systems with seven standard air bags.<sup>(4)</sup> The Dodge Charger Pursuit employs advanced high-strength steels placed in strategic positions throughout the body. The tough unibody of high-strength steel — the same material that supports bridges and skyscrapers — offers substantial protection. Advanced high-strength steel also protects the interior; it's similar to that used in submarine hulls, and meets or exceeds tough federal requirements and those used by the Insurance Institute for Highway Safety (IIHS) in their testing protocols.

### ALL-NEW FOR CHARGER PURSUIT: SECURE PARK — THE STANDARD USED TO MEASURE THE COMPETITION.

Standard on every Charger Pursuit, new Secure Park protects the vehicle unoccupied by an officer from theft while idling. The vehicle cannot be driven away without the vehicle key fob, and without successfully disengaging the Secure Park feature. Secure Park ensures adequate power for police equipment and/or emergency lights, while eliminating the worry and possibility of vehicle removal by an unauthorized person.

### CHARGER PURSUIT CONTROL, COURTESY OF ESC<sup>(3)</sup> AND THE PERFORMANCE SUSPENSION.

You'll find technical variations of the comprehensive Electronic Stability Control<sup>(3)</sup> (ESC) System on every vehicle in this portfolio. Each has been engineered explicitly for the specific vehicle and its specific use on the job. For Charger Pursuit, the large — four-wheel, heavy-duty antilock brakes (ABS) with All-Speed Traction Control work in conjunction with a two-mode configuration of ESC; officers choose between full or partial functionality. Additional systems (on select vehicles) address performance, safety and security, and include Hill Start Assist, Brake Assist and Ready Alert Braking. This technology is all about delivering impeccable maneuverability, handling and control over diverse speeds, road surfaces and weather conditions — and it performs with unquestionable merit.

#### REAR CRASH MANAGEMENT ZONE.

Built to absorb and dissipate crash energy around the occupant compartment.

**SIDE-DOOR GUARD BEAMS.** Mounted strategically across the interior door panels to protect against side impacts.

**CROSS-CAR IMPACT BEAMS.** Contribute to structural rigidity and work to decrease body twisting.

**INTERIOR HEAD IMPACT PROTECTION.** Urethane foam inserts positioned in strategic areas in the pillars, headers and roof rails increase roof rigidity and aid in the event of interior head impact.

**FRONTAL CRASH MANAGEMENT ZONE.** Energy-absorbing frame rails work to direct impact energy and manage energy absorption; it's an invaluable aid and helps maintain the structural integrity of every vehicle's occupant compartment.

**SAFETY CAGE BODY STRUCTURE.** Materials include high-strength steel, aluminum and advanced plastics designed to support the Frontal Crash Management Zone and work to redirect crash energy away from the occupant compartment.

**TOP SAFETY.** The Insurance Institute for Highway Safety rated the Dodge Charger Pursuit as a Top Safety Pick for 2013.

# DRIVEN

## MORE MEANS TO DRIVE, MORE CAPABILITY THAN EVER.

The addition of the new all-wheel-drive (AWD) Charger Pursuit (available mid-2014) sharply ramps up what is already one of the most capable police vehicles on the road. Most competitive sedan-style police vehicles rely on front-wheel-drive (FWD). Now, AWD Pursuit joins its proven rear-wheel-drive (RWD) system, offering a wealth of advantages over the one-dimensional front-wheel-drive systems. Comparisons to FWD:

- RWD offers faster acceleration and maneuverability from a more balanced center of gravity
- RWD brings a greater sense of a nimble ride and controlled feel by mitigating “weight shift”
- RWD delivers better traction and control and eliminates “torque steer” (a common complaint about FWD vehicles, where the front wheels do all of the work by taking on both propelling and steering the vehicle)
- RWD eliminates the “plowing effect” of front-wheel-drive vehicles when cornering at increased speeds
- AWD offers stellar control on less-than-ideal surfaces, a real advantage in rural applications
- AWD significantly enhances performance and handling under all road conditions
- AWD is an overall performance enhancer even under ideal circumstances

## WE'RE NOT AFRAID TO THROW OUR WEIGHT AROUND.

Under most driving conditions, RWD offers faster acceleration than front-wheel-drive-only vehicles: the physics of acceleration shifts more weight to the rear, resulting in an appreciable increase in contact and traction with the road surface. RWD also adds to greater control, as the front tires stay dedicated to the work of steering. All in all, rear-wheel-drive positively affects braking, handling, maneuverability and control. New AWD Charger Pursuit also offers greater control than FWD-only vehicles, with greater assurance while cornering and on low-traction surfaces.

## IDEAL BACK-UP: SPECIAL SERVICE VEHICLES WITH THE RIGHT STUFF.

The rugged demands placed on Special Service SUVs and pickups automatically infer robust engineering; the 2014 Dodge Durango Special Service vehicle and the Ram 1500 Special Service pickup deliver in every context. The tough 4WD Ram 1500 (with an on-the-fly transfer case) and the all-wheel-drive Durango Special Service (also with an on-the-fly transfer case) are now bolstered by the late availability of the new 2014 Dodge Charger Pursuit all-wheel-drive version.

## NEW: AVAILABLE ALL-WHEEL-DRIVE (AWD)<sup>(10)</sup>

Expand your capability and potential with the newest asset to the Charger Pursuit arsenal: All-Wheel-Drive (AWD) with automatic front axle disconnect, available on 2014 Dodge Charger Pursuit with the 5.7L HEMI® V8. It supplies power to both axles, delivering excellent balance for improved control under difficult road conditions. AWD provides better straight-line traction and cornering stability in nearly all conditions, especially on wet, slippery roads. The system seamlessly transitions between rear-wheel drive and all-wheel drive with no driver intervention. When all-wheel-drive is not required, the system automatically disconnects the front axle and opens the transfer case from the drive train to reduce

friction and rotational mass. AWD is automatically triggered when wheel slip is detected, AutoStick is engaged, the ESC<sup>(3)</sup> system is turned off, or the windshield wipers are activated. The system helps to provide optimal traction, performance, and safety.

## POWERFUL POWER STEERING.

This power steering utilizes an electrohydraulic system (vs. a traditional, simple hydraulic), which translates into improved fuel economy, reduced steering noise, and optimal tuning for handling. The advanced hydraulic fluid shows improved viscosity stability over a wide temperature range, helping reduce cold start noise. The engineering includes a power steering cooler, aiding in both performance and longevity.

## INTELLIGENCE-BASED SUSPENSION.

It all combines for an exceptional ride: a multilink short/long arm (SLA) front suspension, load-leveling Nivomat<sup>®</sup> heavy-duty shock absorbers all around, riding on highly modified rear spring rates with their unique five-link coil spring design.

## FIVE-LINK INDEPENDENT REAR SUSPENSION.

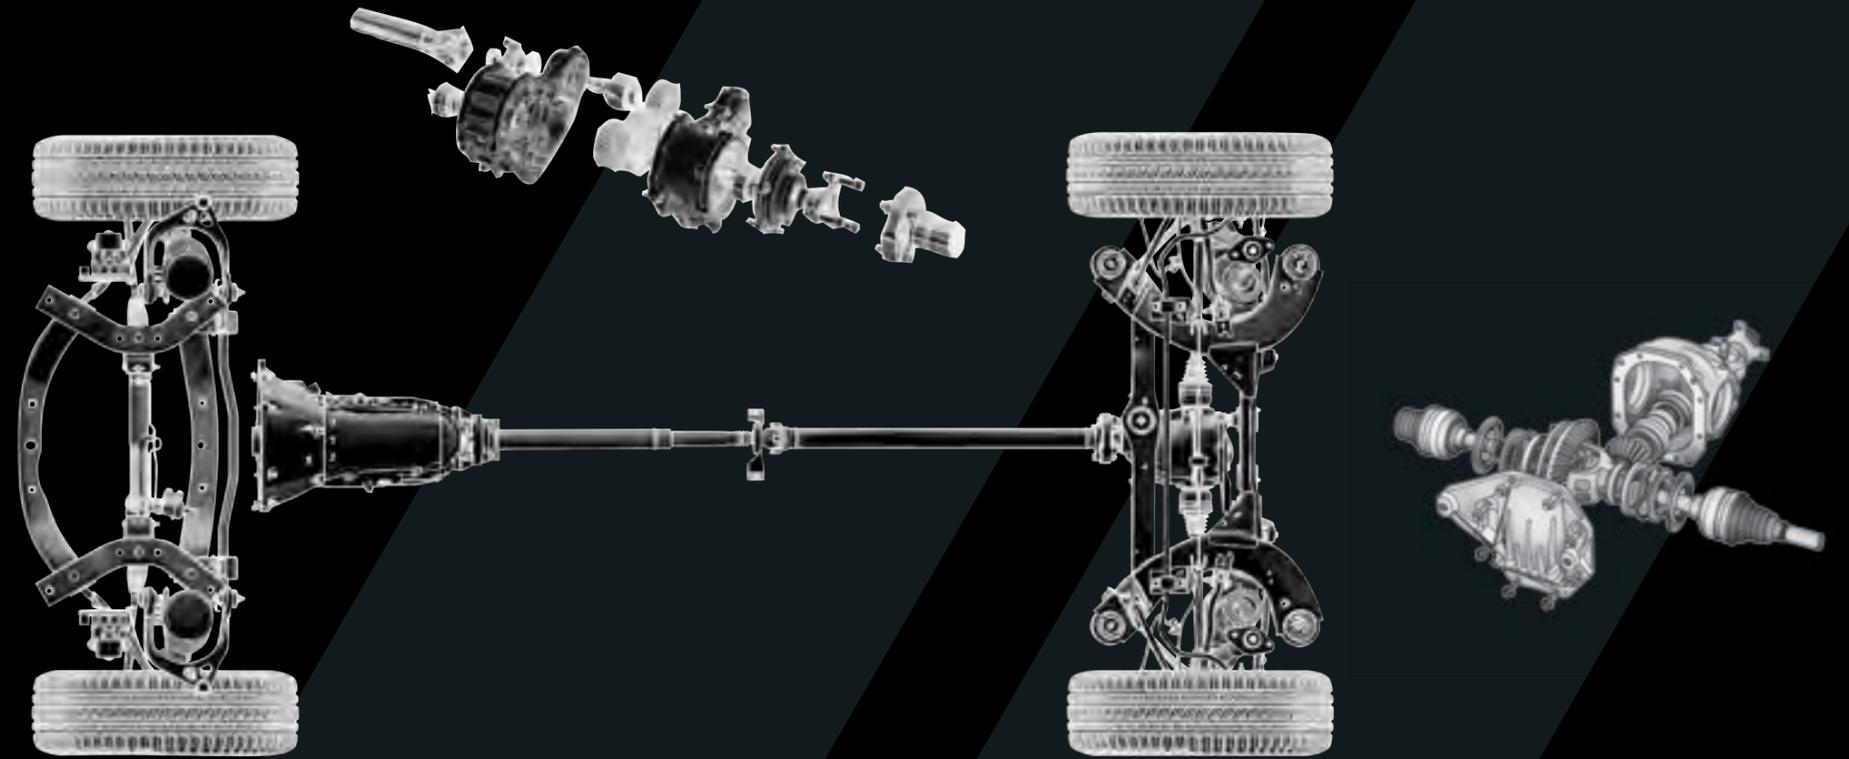

Mounted to a steel cradle and attached to the body via four large rubber mounts, this suspension design features geometry that isolates the interior compartment from axle and road noise, and provides more responsive handling.

## REAR DIFFERENTIAL: INHERENTLY DIFFERENT.

The Charger Pursuit rear-wheel-drive version is engineered to make a difference. By mating the driveshaft to a cradle-mounted differential with two half-shafts, we've eliminated a set of gears common to front-wheel-drive systems; it's inherently more efficient. Our rear differential also employs an advanced synthetic lubricant designed to last the lifetime of the vehicle in typical service.

## THE W-RATED TIRES: STANDARD.

To meet the needs for potential high-speed applications, tires on Charger Pursuit carry the formidable “W” speed rating. These high-speed-rated tires were designed for high-speed police use.

# APPOINTED

DODGE  
**CHARGER PURSUIT**

**AN INTERIOR CUSTOM-DESIGNED FOR POLICE WORK.**

It's all about doing the job better and easier. Above, left to right: COLUMN-MOUNTED SHIFTER opens up room for laptops, etc. CUSTOMIZED, SCULPTED SEATS feature a "scoop" for a full duty belt. CENTER-CONSOLE with USB PORT is a mandate in today's electronic world; Charger Pursuit is pre-wired for connectivity, offering a practical workspace, convenient cup holders and out-of-sight storage. BRILLIANT FULL-COLOR ELECTRONIC VEHICLE INFORMATION CENTER (EVIC) provides outstanding vehicle/driver communication. This indispensable asset features a color Liquid Crystal Display for crisp, vibrant clarity.

**REAR PARK ASSIST AND NEW SECURE PARK.**

Available Rear Park Assist is an automatic convenience that gets parallel parking perfect every time. The new standard Secure Park system protects the cruiser against theft or unauthorized operation while idling at the scene.

**WE'VE GOT YOUR BACK. AND YOUR SIDES, TOO.**

Available for Dodge Charger Pursuit are two strengths which anticipate and defend against potential worst-case scenarios: available front steel seatback panel inserts<sup>(10)</sup> work to protect officers from attacks from rear-seat detainees who might have stashed a sharp object; available ballistic door panels<sup>(10)</sup> can withstand a variety of calibers of firepower.

**ESCAPING NOTICE: THE STEALTH MODE.**

When activated, the Charger Pursuit Stealth Mode completely turns off strategic interior lights and dims others, transforming this street-visible presence into an undercover asset. A standard low-intensity red dome light provides just enough interior illumination for official business while remaining virtually incognito to the outside world.

**SAFETY: THE INSIDE STORY OF CHARGER PURSUIT.**

To work inside the Pursuit means officers enjoy seats positioned on crossmembers constructed of advanced high-strength steel engineered to meet critical performance standards that include reduced twisting of the vehicle. The steering column and steering wheel feature energy-absorbing construction. The roof structure utilizes advanced high-strength steel, while the Transformation Induced Plasticity (TRIP) steel in the body provides weight efficiencies while still meeting stringent side-impact objectives.

**MULTIPLE USES OF AIR BAG<sup>(4)</sup> TECHNOLOGY.**

Extensive air bag<sup>(4)</sup> technology includes advanced multistage driver and front passenger air bags<sup>(4)</sup> for frontal and near-frontal impacts (deployed with a force appropriate to severity); advanced side-curtain air bags<sup>(4)</sup> (for additional protection to the front and rear outboard occupants in the event of a rollover); advanced supplemental front-seat side air bags<sup>(4)</sup> (additional protection in the event of a side collision); and a driver's knee air bag<sup>(4)</sup> on Charger Pursuit.

## SPECIFICATIONS

**CHARGER PURSUIT (27A/29A)**

Generous interior space both front and rear for driver and passengers, sculpted front seats that accommodate a full duty belt, and a cavernous trunk. Ready to roll, Dodge Charger Pursuit offers total capability and capacity to do the job right.

**CRITICAL MEASURES**

## THE MOPAR® DIFFERENCE: DISTINCTIVE ADVANTAGES

Designed and specialized to meet the very specific needs of police and law enforcement, the variety of packages and à la carte options from our colleagues at Mopar offer considerable latitude when customizing your Dodge Charger Pursuit. All are specifically engineered for Pursuit to deliver the ultimate in fit, finish and functionality. Comprehensive, practical and focused on the work, the packages from Mopar include products from partnerships from the best manufacturers in the business, including Whelen®, Setina® and Havis®. For more, see your Dodge Charger Pursuit dealer or log on to [fleet.chrysler.com](http://fleet.chrysler.com)

### Base Police Package (AYE)

- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Trunk Tray and Cooling Fan

### Patrol Package #1 (AYF)

- Police Floor Console
- Front Corner LED Lamps
- Rear Corner LED Lamps
- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Trunk Tray and Cooling Fan

### Patrol Package #2 (AYH)

- Police Floor Console
- Push Bumper
- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Trunk Tray and Cooling Fan

### Patrol Package #3 (AYM)

- Police Floor Console
- Front Corner LED Lamps
- Rear Corner LED Lamps
- Push Bumper
- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Trunk Tray and Cooling Fan

### Patrol Slick Top Police Package #1 (AYN)

- Police Floor Console
- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Trunk Tray and Cooling Fan

### Patrol Slick Top Police Package #2 (AYP)

- Front Corner LED Lamps
- Rear Corner LED Lamps
- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Trunk Tray and Cooling Fan

## EVEN OUR WARRANTIES PROTECT AND SERVE.

When it comes to quality and value, you've come to the right place. Every vehicle in this portfolio is covered by one of the best warranties in the business, and measured in what counts: time, distance, and reduced cost of ownership.

Two comprehensive warranties report to work: the bumper-to-bumper 3-Year/36,000-Mile Limited Warranty and the 5-Year/100,000-Mile Powertrain Limited Warranty<sup>(1)</sup> — so good, it's unsurpassed by any other manufacturer.

In an era of tight budgets, we know that purchase decisions rest on a variety of factors. Here, that quality stands out: the 5-Year/100,000-Mile Powertrain Limited Warranty<sup>(1)</sup> is fully transferable, clearly boosting potential resale value.

**5 YEAR / 100,000 MILE  
POWERTRAIN WARRANTY**

## WHEELS AND WHEEL COVER

16-inch Steel (WCS and WMN)

16-inch Wheel Cover (W6A)

16-inch Aluminum (WDN)

## RAM PROMASTER

The new 2014 Ram ProMaster is ideal for Special Service — because this new Ram boasts adaptability that sets a new benchmark. Ram ProMaster is all about choice: your choice between gas or turbo diesel power; your choice of three wheelbases, multiple vehicle lengths and two roof heights. With nearly vertical side walls, Ram ProMaster invites virtually any modification or upfit you need. Exceptional quality is standard, with your investment completely protected by our 5-Year/100,000-Mile Powertrain Limited Warranty<sup>(1)</sup> — one of the best in the business.
