2002 MAZDA TRIBUTE

What's on your driving scorecard? Long hauls up and over challenging mountain ranges? Fast trips down winding country roads? Saturday jaunts to your local general store? Wherever you go in a Mazda Tribute, the smart and stylish SUV with a sports-car pedigree, you're always on a victory lap.

DON'T JUST SIT THERE. CONQUER SOMETHING.

Here's an SUV that will have you looking for new worlds.

The Mazda Tribute has all the performance you'd expect from the company that gave you the Mazda Miata sports car. It sticks to the road in a confidence-inspiring manner. Crisp steering helps you master every curve. And with 200 available horsepower,

you can flatten hills and reach those open spots in traffic when you see them. Imagine an SUV that you'll look forward to driving even with no particular place to go. Behind the wheel of a Mazda Tribute, your biggest challenge is finding a challenge.

IF THERE WERE SUV SCHOOLS, THIS ONE COULD SKIP A FEW GRADES.

Is smarter better?
Give the Mazda
Tribute your personal SUV IQ test
—and grade it

yourself. You will find an intelligent mix of size, sports-car-type handling, room and versatility. And with its talent for steep hills and tight parking spots, the Tribute could easily major in urban studies. It's well-turned-out too. What with big 16-inch wheels and sharp styling, you can be confident this is one SUV that's going places.

FUN & ADVENTURE AT YOUR VERY HAPPY FINGERTIPS.

It's no great stretch to enjoy yourself in the Mazda Tribute, for mind or body. Get comfortable in the bucket seats. Adjust the steering wheel and the outside mirrors. Raise or lower the windows with a touch of a button. Want some music? You'll find up to 190 watts' worth very close at hand, ready to bring your favorite CD to life. There's a great view, of both the outside scenery and the inside instrument panel. And when you turn the key, Mazda Tribute quickly takes you from zero to adrenaline. You barely have to lift a finger.

SURE IT'S **FUN.** BUT IT'S
WELL-THOUGHT-OUT FUN.

You wouldn't want it
to be any other way,
once you experience

the intelligent versatility of the Mazda Tribute. From passengers to photo tripods to large pets, the Tribute handles what you give it, with ease. For the passengers, the rear seats are raised, "theater style," giving a better view. For the other stuff, well, it doesn't care, but you'll like the way you can open the liftgate window for long loads, even 4x8 plywood. The rear seatback reclines, and it can be folded flat. On some models, it splits 60/40. Just about everywhere you look, you'll find handy storage spaces. Cup holders, both front and rear. Insightful small details that add up to major satisfaction. Good times should come effortlessly. In the Mazda Tribute, they do. 

GET LOST. IN A GOOD WAY.

Searching for that road to nowhere? The one out of cell-phone range? That leads to a camping spot where only bears or fish know the address? Choose

your Mazda Tribute with available 4-wheel drive, and you'll get there in style. The Tribute's 4WD is a technically advanced on-demand system, automatically engaging only when road conditions require extra traction. The system operates so smoothly that you'll probably never feel it kick in. And it's not just for those backcountry dirt roads. It'll also help you when good roads go bad, as in rain, sleet and snow. So when that little voice inside you whispers "Get out of town," you can answer by getting in your Mazda Tribute 4WD. 

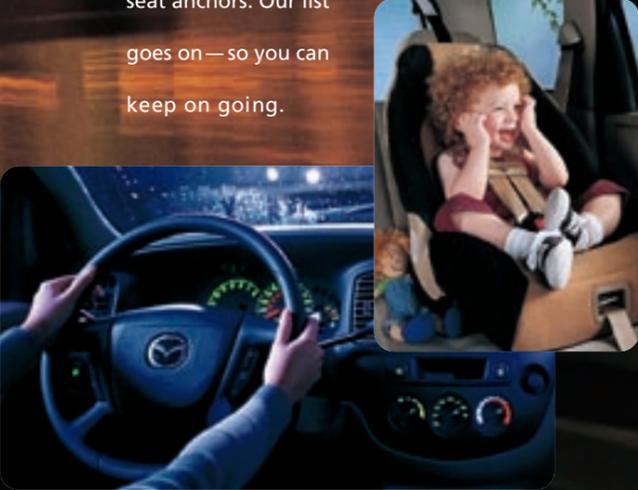

OUR ENGINEERS WORK HARD TO KEEP YOU IN GOOD SHAPE.

We're all for driving fun, but an equally important goal when designing the Mazda Tribute SUV was to make sure you reach the end of your trip in the same shape as you started, plus inspired. So you'll

find extensive safety measures throughout. Responsive power.

And an advanced suspension for handling and poise. Available ABS and 4WD. Our "Triple H" structural reinforcements for added body strength. "Crumple zones" that help absorb impact forces to create a "safety cage" around the cabin. International-standard ISOFIX child-safety-

seat anchors. Our list goes on—so you can keep on going.

YOUR MAZDA TRIBUTE PUTS YOU
AHEAD OF THE CROWD.
**THE MAZDA
DRIVER'S ASSURANCE PLAN**
WILL KEEP YOU THERE. Look at it this way:

We want your every drive in the Mazda Tribute to be just as exhilarating as your first. That's why we engineered our unique and comprehensive Mazda Driver's Assurance Plan just as thoroughly as we designed the car. With it, you'll have the deep level of confidence that comes with a total level of care. ▣

The Three Parts Of Our Plan:

Under our Plan, your time and peace of mind come first. Starting the moment you take the key, your new Mazda Tribute is covered by our **36-month/50,000-mile "bumper-to-bumper" limited warranty**. While the car is under warranty, you're automatically enrolled in our **24-hour Emergency Roadside Assistance** program. It's designed to get you going and minimize any inconvenience if the unexpected happens while you're on the road. And if your Mazda Tribute is in for a warranty repair, the **Mazda Service Transportation Solution** can typically make sure you have another vehicle to drive.

These are just the basics of the Mazda Driver's Assurance Plan. For complete details, see your Mazda Dealer, or log on to MazdaUSA.com.
